

try for a win in 4 that her putt overran six or seven feet. It left her with the hardest kind of a putt, which she had to get down to within a few inches of the hole. She succeeded splendidly, halved the hole, and Mrs. Jackson was done one.

The home hole was much like the one which immediately preceded it. Both putters played the shot with a high trap guard, and the green, and were content to play over the trouble on their third shot. Mrs. Jackson hit her ball a trifle too hard and it ran over the green, called upon to play the odd, she laid her ball dead to the hole and Miss Rosenthal was left with a thirty foot putt that if successful would carry the match to extra holes. She tried for it so boldly that just as she had done on the seventeenth she overran the cup seven or eight feet. There still was a remote chance that Mrs. Jackson would miss her easy putt, so undisciplined by the failure of her long attempt, Miss Rosenthal walked over and ran down the eight foot putt, and made it necessary for Mrs. Jackson to hole out in order to win the match. Taking plenty of time over the short shot Mrs. Jackson tapped the ball, it rolled into the cup and she was champion for the second time.

There was a hearty handshake and then despite the warning shouts of the officials the crowd swarmed over the green to offer congratulations to both victor and vanquished. And the received as many congratulations as the other, for it had been a great fight.

The cards:

Mrs. H. Arnold Jackson, Oakley.
